

THE CALLIDEN TEAM

Eastern Region
VIC

“Did work experience at a medical clinic – with interesting results!”

Annette Fairall

Title: Development Manager, Victoria

State and Region you look after: Victoria.

What’s the worst job you’ve ever had? Waitressing in a local pub, doing Sunday afternoon meals with bad hangover!

How long have you been at Calliden? Since 1990.

What do you like most about working at Calliden?

The people I am in contact with every day, the challenge of a newer company competing against the big players.

How would people close to you describe your personality? Friendly, enthusiastic, generous and loving (I hope).

What do you do to unwind? What does unwind mean – working mums don’t unwind they just keep going.

Any pets? 2 cats, 2 dogs and a fish, would like lots more but may lead to divorce.

What is your proudest moment? Really couldn’t pick one, as a mum there are so many times that you make you proud, even the little things.

Things that have happened to you, that were horribly embarrassing at the time but funny now?

During work experience at a medical clinic, I accidentally tucked my dress into my stockings and walked through a waiting room full of patients.
